### VILLA Luxury Retreat and Spa

The villa is located in one of the most spectacular places of Greece and is endowed with a panoramic view primarily of the picturesque town of Chania and its landmark, the renovated lighthouse at the old Venetian harbor but also of both, the blue Aegean Sea and the famous White Mountains of Crete, usually covered with snow from November until late May. This makes Villa Terra Creta a wonderful safe haven to visit throughout the whole year.

The house has a modern architectural design in perfect harmony with its mature garden and the surrounding landscape. Indoor and outdoor living transcend harmoniously, so it is equally suitable for all seasons throughout the year.

The property sleeps 10-12 people. There are two bedrooms on the upper ground floor, one bedroom on the ground floor and two bedrooms on the lower ground floor.

On the upper ground floor the master bedroom consists of a private relaxing lounge space, a sleeping area with a king size bed, an en-suite bathroom with a private heated plunge pool, a walk-in closet and a private office space. The second bedroom on that

level has two comfortable single beds and a private bathroom with its own Jacuzzi bathtub. It is ideal for two adults or the family's children.

On the ground floor level there is a small, separate small studio consisting of a sleeping area with a queen size bed, an en-suite bathroom and a private living room with direct access to the swimming pool area. It can accommodate two more people if necessary with the use of a big convertible couch. Two separate living areas, the dining and the kitchen area are on this level too. On the lower ground floor two more bedrooms, both with a queen size bed and an en-suite bathroom as well as another spacious multi-use living are available for our guests. All of them overlook the garden and have a panoramic view of the old town and the sea at the same time.

Further down on that same floor level you find both the fully equipped gym and also the relaxing spa area with a Turkish steam bath, a Scandinavian sauna and a massage space, all of them overlooking the garden.
